

## **PAYOFF FOR A CASE**

The actual payoff in a case is all of the unpaid claims plus trustee commission if the case is to be paid off prior to 60 months for above median income cases. For below median income cases, the actual payoff is the unpaid claims balances plus trustee commission if requested prior to month 36. Debtors must contact their attorney concerning receiving a payoff in the case. Remember, no money may be borrowed during the case without court authority.
